"Free-Flow" Exhaust Systems by Stebro

A line of optional "Free-Flow" exhaust systems for the B.M.C. sports car aftermarket is now available to the dealer network. The famous Stebro Exhaust Systems, manufactured in Canada, can now be ordered from your distributor as an Approved Accessory.

The chromed tail pipes, black crackle finish, and top quality materials (16 gauge steel) make these Stebro systems durable and attractive:

Part No.	Application	List Price	Dealer Price
HAC 70	MGB (All)	\$ 62.50	\$ 46.88
HAC 71	MGA (All)	\$ 34.50	\$ 25.88
HAC 72	Austin Healey 3000 (FJ 8)	\$ 59.50	\$ 44.63
HAC 73	Cooper "S" (Competition)	\$ 29.50	\$ 22.13
HAC 74	Cooper "S" (Road Use)	\$ 39.50	\$ 29.63
HAC 75	Sprite III, IV, Midget II, III	\$ 28.00	\$ 21.00
HAC 76	Sprite I, II, Midget I	\$ 24.00	\$ 18.00
HAC 80	Noise Emission Control Device	\$ 4.95(*)	\$ 3.71

(*) Set of 2

The Stebro "Noise Emission Control Device", (HAC 80) can be used in conjunction with the Exhaust Systems to control excessive noise. We recommend that all Stebro systems be fitted with this device. However, the use of these noise emission units (which are removable after installation) gives the customer the option of a subdued or hearty exhaust note.

Order your B.M.C. Approved Systems now and capitalize on this significant market.
