

TECHNICAL SERVICE BULLETIN

NO.

73-G-14

June, 1973

SUBJECT:

Additional Tools Available
Austin Marina

MODELS:

MARINA

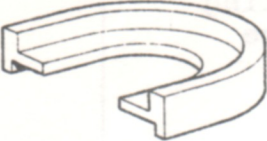

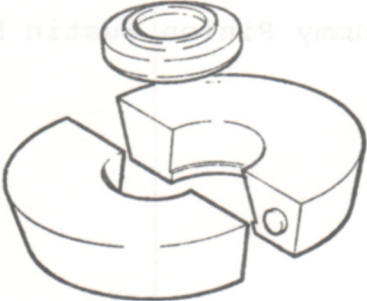

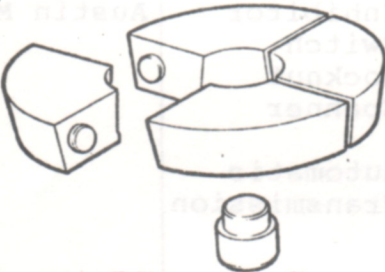

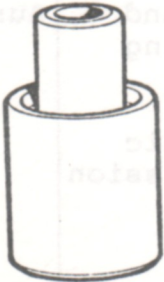

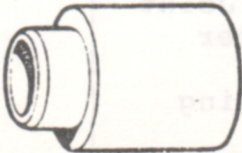

You have already been advised of the Minimum Special Tools required to service Austin Marina. BUT...did you know that there are many additional special tools (readily available through your Distributor) that will save you money...and your mechanics' time.

Examine the attached list of tools and see which might best fit your needs. There is no substitute for the proper tool; improvisation wastes not only time but money.

For your convenience the Tool Order and Check List can be used as your order form and forwarded directly to your Distributor.

Your Austin Marina Service Manual details the use of each special tool listed in this bulletin.
