Re: Rear Hub Bearings

Mini Cooper 'S'

Taper roller rear hub bearings have been fitted in place of ball bearings from the following car numbers.

Austin	851199	RHD
	851099	LHD
Morris	851028	RHD
	850981	LHD

As the bearing spacer is ground to width on assembly, a bearing kit, Part Number 18G 8174, should be used in service for replacement and conversion purposes.
