

AUSTIN HEALEY

*Sprite*

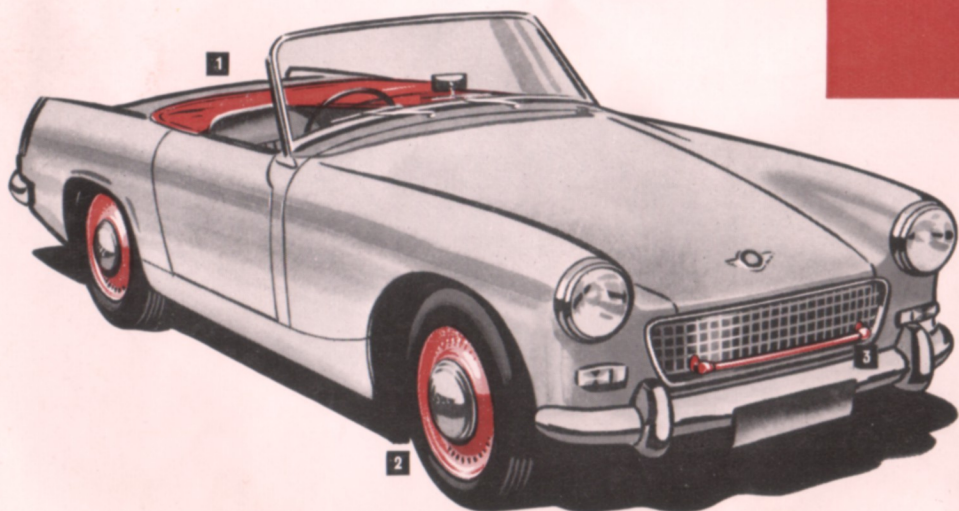

Mk II

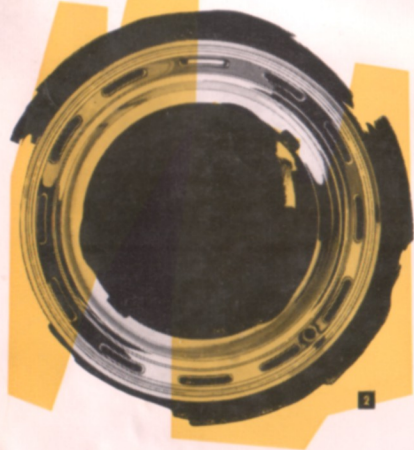

ACCESSORIES

# B.M.C.

## Approved Accessories—

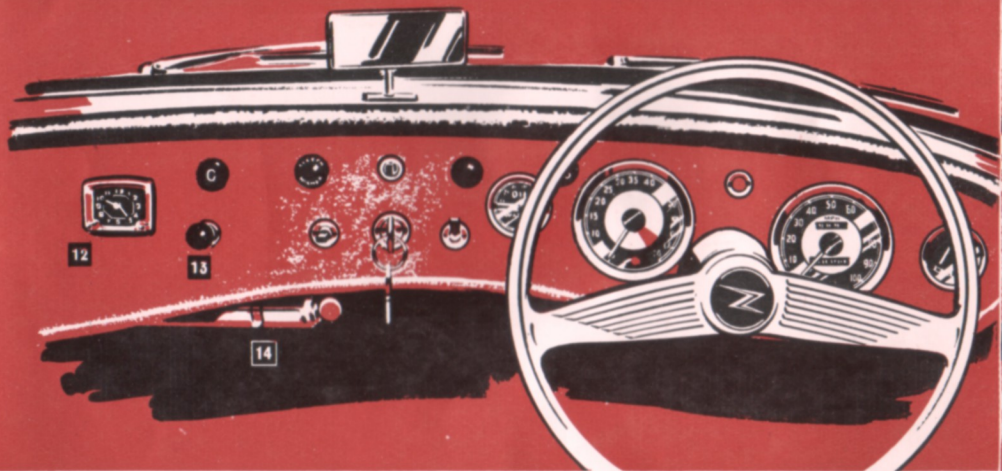

The Austin-Healey Sprite has won acclaim since its introduction for its lively performance, superb road-holding, and stylish design. The latest model inherits all the fine features of the first Sprite—it is certainly a car to be proud of.

Among the many advantages which possession of this car brings are extensive service facilities. One such facility is the offer of a full range of additional items individually styled and selected for your car—in short, B.M.C. APPROVED ACCESSORIES.

The accessories illustrated have been chosen as particularly suitable for this model—a full list of additional accessories is contained overleaf. You are sure to find items among the large range offered to suit your taste and pocket.

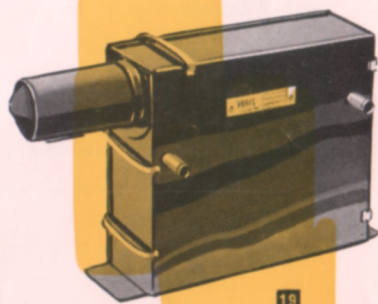

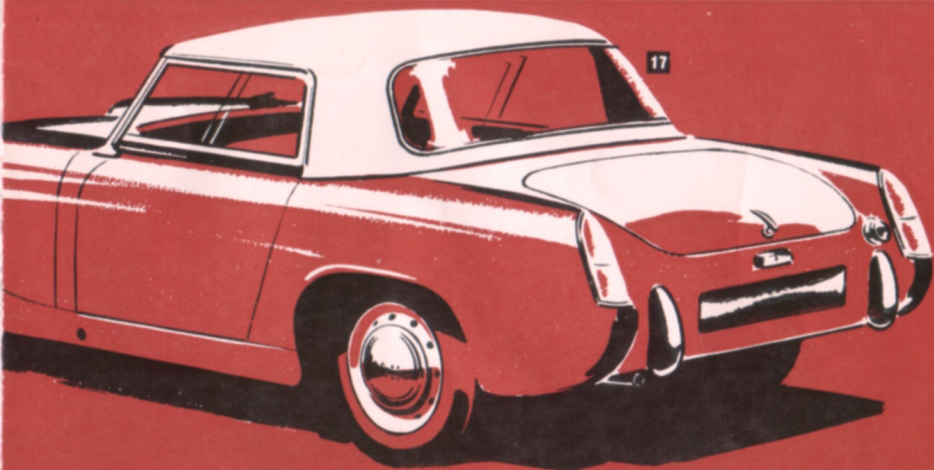

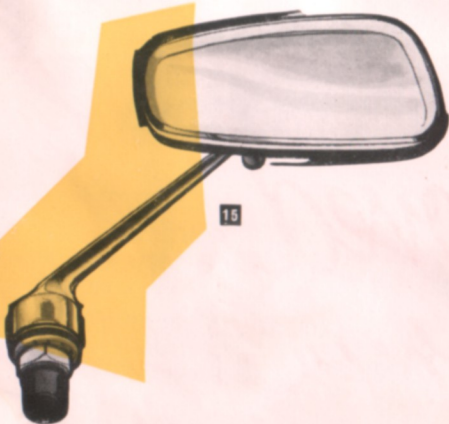

Before being marketed all B.M.C. Accessories are tested and approved by the engineers who produced your car, and all carry the safeguard of a 12 months' warranty—thus it is always wise to insist on genuine B.M.C. Approved Accessories.

A further service you might possibly require at some future date is the B.M.C. Exchange Unit Scheme. Under this scheme such items as engines, gearboxes, clutch and brake parts, steering assemblies, propeller shafts, differentials, rear axles, instruments—all rebuilt to as-new specification—can be obtained at reasonable prices upon return of the worn unit. All exchange units carry a 12 months' warranty.

For full details of all B.M.C. Approved Accessories and Exchange Units please consult your local Distributor or Dealer, who will be very pleased to help you.
